'Global Voices' classroom visitors

What is community cohesion?

'By community cohesion, we mean working towards a society in which there is a common vision and sense of belonging by all communities; a society in which the diversity of people's backgrounds and circumstances is appreciated and valued; a society in which similar life opportunities are available to all; and a society in which strong and positive relationships exist and continue to be developed in the workplace, in schools and in the wider community'.

Taken from Ofsted evaluation guidance for schools:

Pestalozzi has recently trained several people from the local black and minority ethnic communities to become '**global voices**' classroom visitors.

Let them help your school to fulfil this Ofsted requirement. They can share their culture and countries' history bringing a different perspective into the classroom.

For more information and to book a classroom visitor please contact
